Subject Appointment

Attachment Employment Contract

Dear Diego,

Welcome to the Coöperatieve Rabobank U.A.! We congratulate you warmly on your new position. You will find the mutually agreed-upon employment contract attached.

Screening (start of employment subject to condition)

A successful screening regarding your trustworthiness is required prior to your employment. If screening is not completed prior to your start date, your hire date including your actual hire date will be deferred until your screening is fully and successfully completed. If the outcome of the screening gives reason to doubt your trustworthiness, then no employment contract will be drafted and you will not be hired. Your manager will inform you of the results of the screening procedure immediately after completion.

Approval?

If you agree with the content of your employment contract, please sign and return it within five business days. To do this, upload the document in the onboarding task in the system Workday. You will receive more information about this by e-mail on time.

Please don't hesitate to contact me if you have any questions.

On your first day of work, we will welcome you at our reception desk at our office address at the appointed time. It is important to bring your valid ID/passport with you.

We wish you every success in your new position!

Yours sincerely,
Coöperatieve Rabobank U.A.

Regular employment contract

The undersigned:

Coöperatieve Rabobank U.A., hereinafter referred to as 'the bank',

and

the employee,

Diego Antonio Grecco Ribeiro,

born on 09 July 1982,

residing in SÃO PAULO,

hereby declare that they have entered into an employment contract subject to the following provisions:

Appointment and term

1. The employee shall commence work at the bank on 09 September 2024.
2. The employment contract is concluded for an indefinite term.
3. The parties are entitled to terminate the employment contract in writing, subject to notice issued at the end of the calendar month, in compliance with the provisions on termination in the Rabobank CLA.
4. The employment contract will automatically terminate, without any notice required, on the first day of the month in or following which the employee reaches the statutory retirement age, pursuant to the General Old Age Pensions Act (Algemene Ouderdomswet).
5. The appointment is not subject to a probationary period.
6. The employment contract is concluded for Regular, subject to a resolutive condition, which is invoked if the work permit which is required to work for the employer under the Labour for Foreign Nationals Act (Wet Arbeid Vreemdelingen) is rescinded or not renewed, or if the residence permit is refused, rescinded or not renewed.
In either of these cases, the employment contract will be automatically terminated with immediate effect, without any prior notice required, at the time at which the employer is informed of such refusal, rescission or non-renewal of the work permit/residence permit by the competent authority.

Position and duties

1. The employee will perform their duties in the position of Solution Architect. The position is linked, within the position framework, to the position of NL Architect C - IT Architect (Domein Architect/Solution Architect).
2. The employee must, if so required by the employer, perform duties other than normal, in so far as this can be reasonably expected of the employee.
3. The work location of the employee will be Utrecht Leidseveer 50 at the start of the employment contract, but the employer reserves the right to make (temporary) changes to the work location. This location is the office location where the employee usually/primarily works when the employee goes to the office and, for example, meets close colleagues (department/team). At Rabobank, hybrid work can be done if the work allows it. Hybrid working means that you can work at different locations. In addition to your location, you can also work from home, at another office or at the customer's office in consultation with your team members and manager.

Working time and hours

1. The employee's working time is an average of 40 hours per week.
2. The individual working hours are determined based on the applicable working time, in consultation with management. Working hours may be changed in line with the company's requirements. If another position is accepted, other working hours may also apply.

Position and salary

1. The position is classed as position group 10. The employee will be paid at salary scale 10. Upon appointment, the gross monthly salary is set at € 6,777.71. The gross twelve-month salary is € 81,332.52, based on the agreed working time of 40 hours per week. This twelve-month salary will be supplemented by a 13th month salary payment and a holiday allowance.
2. In accordance with the Rabobank CLA, the employee is provided with an Employee Benefit Budget (EBB) every month, which can be used to choose from several employment conditions in the Benefit Shop.

Payroll taxes

As an employer, the bank must withhold wage tax and national insurance contributions from your wages. As an employee you are entitled to a discount on this tax. The so-called payroll tax reduction will automatically be applied for you, so that you pay less payroll tax and national insurance contributions. Please note that the discount may only be applied by one employer. In the event that you do not want the payroll tax credit to be applied to the bank (or with a different effective date), you can indicate this in the relevant pre-boarding task that you will find in your Workday inbox.

Employability

The employee will actively contribute to their employability under a mutual responsibility. The bank may require the employee to ensure continuing development by taking courses or by changing position, if the need arises elsewhere within the organization.

Leave

The employee has an annual entitlement to a number of hours of leave (in proportion to the weekly working time) as determined in the Rabobank CLA.

Pension

The employee will participate in the pension scheme as stipulated in the CLA and further elaborated in the pension regulations of the Rabobank Pension Fund. The employee is liable for a contribution towards the costs of the pension scheme. This contribution will be deducted from the salary every month. The employee is also entitled to maintain a supplementary pension fund on a voluntary basis and at their own expense.

Confidentiality

In accordance with the provisions of the Rabobank CLA, the employee is obliged to maintain confidentiality during and after the termination of the contract with regard to all matters about the bank and its clients which become known to them, or for which the employee is bound by a duty of confidentiality, or everything of a confidential nature which becomes known.

Employee screening

This employment contract is entered into subject to the condition precedent that the outcome of the screening procedure does not give rise to doubts concerning the trustworthiness of the employee. The bank will inform the employee in writing as soon as possible as to whether this condition precedent has been fulfilled.

Returning bank documents and property

1. The employee is prohibited from privately possessing or retaining in any way whatsoever original or copies of documents, correspondence and/or other items or property obtained in connection with working for the bank, unless so required for the performance of working for the bank.
2. In any case, the employee is obliged, without request, to return the items mentioned in paragraph 1 to the bank immediately after termination of the contract.

Secondary activities

In accordance with the provisions of the Rabobank CLA, the employee may not undertake any employment for third parties, perform any business on their own account or act as an agent for third parties, without the prior written permission of the bank.

Rabobank Group Code of Conduct

The employee is bound by the Rabobank Group Code of Conduct, in its current and/or future version.

Privacy and use of communication devices

The employee is obliged to observe the applicable regulations on privacy and the use of information and communication devices, and to abide by them in their current and/or future version. These regulations can be found on the HR Portal.

Relocation cost regulations

In accordance with the employee's appointment by Rabobank, we agreed that the employee will be relocating to the immediate area of the work location. The employee is eligible for cover under the relocation cost regulations.

Rabobank CLA and other terms of employment

1. The provisions of the Rabobank CLA, in their current and future version, apply to this employment contract. Depending on the other terms of employment, the bank may determine whether the employee may claim on these terms.
2. The employee has been made aware of the content of the terms referred to in the foregoing paragraph. The employee declares that he/she is aware of and agrees to said terms.
3. In the case of a significant interest and in consideration of the provisions of Article 7:613 of the Dutch Civil Code, the bank reserves the right to unilaterally modify this contract as well as the terms of employment incorporated hereinto.
4. Rabobank's Group Remuneration Policy (GRP), as it reads at the present time or may read in the future, shall apply to this Contract of Employment. This also applies to current and future versions of documents that are based on or form part of this Remuneration Policy, such as the Variable Remuneration Regulations for Identified Staff, which will be applicable with retrospective effect if the Employee is classified as Identified Staff. The Employee acknowledges that he/she has been informed of the GRP. The latest version will also be published on the Rabo Intranet.

5. Dutch law applies to this contract

Thus agreed and drawn up and signed in duplicate on 18 June 2024.
